Hi Bodie,

I've reviewed your Notice of Intent, and consider it to be complete. Before the Division can grant approval to start, you will need to do the following:

- 1) Provide the **annual permit fee** to the Division in the amount of \$150 (a check should be written to the Utah Division of Oil, Gas & Mining).
- 2) Provide a **reclamation contract**, signed, notarized, and available at this link: ([http://linux3.ogm.utah.gov/WebStuff/wwwroot/minerals/bonding\\_forms.html](http://linux3.ogm.utah.gov/WebStuff/wwwroot/minerals/bonding_forms.html))
- 3) Provide **reclamation surety** in an amount to be determined by the Division and BLM. The Division's initial cost-per-acre amount for 3 acres would be about \$18,000 (or \$23,000 for 4 acres).

One thing to note: the disturbance areas drawn on the map (~2.4 acres) are less than the 4 acres you're proposing to disturb on page 5 of your Notice. Before the Division approve disturbance beyond the areas drawn on the map, you would need to update your proposed disturbance boundaries on your map and provide bond adequate for more than 3 acres.

Thanks. Let me know if you have any questions.

Peter
